Ntersect Product Notes

- The one-piece seat is injection molded from special high-impact, blush-resistant polypropylene plastic
- The textured surface is etched to provide a non-slip surface and maintains a like-new appearance over years of use
- The underside of the shell is molded with an advanced rib pattern transferring weight directly to the frame
- Seat back incorporates handle for movement
- 1 1/8", 16 gauge support braces are welded to sea brackets
- Powdercoated lift and swivel column complete the seat platform
